Louis Vuitton Tribute Patchwork Bag

Designed by Marc Jacobs, this iconic bag was made by cutting up 15 other Louis Vuitton bags and patching them up together. Although the bag was trashed by critics as “the ugliest bag ever made” and “hideous”, the 24 pieces made were sold out immediately. The design features several handbags patched into a single item. It’s like having multiple bags at the same time. Beyonce Knowles was among one of those who has been spotted carrying one.

Outrageous Purchases

Louis Vuitton Urban Satchel

Another brazen design from Louis Vuitton, the fashion designer created a bag that is made of trash, literally. Created from trash including water bottles, cigarette packs, and chewing gum wrapper, the Urban Satchel bag looks like it belongs to the garbage dump rather than a woman's closet. Because it was created by Louis Vuitton, the few who purchase it paid...
